

# What is Prosperity

Prosperity is a condition of sound business health.

In the last eight years, business has experienced depression and reaction, under-production and over-production, high wages followed by unemployment, extravagance and want, quick-wealth and wreckage.

There were symptoms of economic fever, not evidence of business prosperity.

They brought home again to business the fundamentals that credit is not capital, that opportunities are everywhere.

Real prosperity is nearer than it has been for seven years because business has pretty generally returned to simple, economic laws upon which prosperity is built. America is saving instead of wasting, investing instead of speculating, paying off old debts and employing soundly.

The insurance and Trust Company of Los Angeles has a steady progress toward better times because of a long tendency in business toward conservatism, efficiency and hard work.

## How to Mark Your Ballot Today.

To vote for a candidate, stamp a cross in the square opposite the name on the ballot you will be given at the polls. After careful consideration of the merits of the various contestants, The Times recommends for nomination those opposite whose names crosses appear below. In a few cases no recommendation is made, The Times preferring to present the facts only for the consideration of the voters.

State		Associate Justice Supreme Court (Full Term)		Legislative		SEVENTY-SECOND DISTRICT

## Denies He is Candidate of Religious Sect

At a mass meeting held in his honor last night at Sixth and Maple streets, Dist. Atty. Thomas Lee Woolwine, Democratic candidate for the nomination for Governor, roundly denounced as false, a rumor that he is running for office as the candidate of one particular religious sect.

"I have heard it said in this campaign," said Woolwine, "that I am a Catholic and that I am running on a K.C. ticket. That is news to me. I know a hundred Catholics who are better men than I will ever be, but it so happens that I am a Protestant, my wife is a Protestant, and both sides of my house have been Protestant for many generations. I am not the candidate of any particular religion; I am running for office as an American citizen."

## CANDIDATES BOB UP

Three New Aspirants Seek Post of City Justice

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH)

PASADENA, Aug. 28.—Three more candidates for City Justice of the Peace, the office that was overlooked when nominating petitions were filed and is consequently blank on tomorrow's ballot, bobbed up today, making a five-cornered race.

The new aspirants are Police Judge Frank Dunham, George F. Cary and David B. Roberts. The latter two are attorneys. B. C. Strang and Kenneth Newell, who are justices of Pasadena township, came out for the job Saturday.

FOR return of light vision and hear, Frank A. McDonald for Congress.

## SIBERIAN CONDITIONS RETURN TO NORMAL

REQUISITIONED PREMISES ARE RETURNED TO OWNERS

(BY A. P. CORRESPONDENCE)

HABAROVSK (Siberia) Aug. 9. Life has returned to its normal conditions as before the revolution. Order reigns everywhere. All requisitioned premises have been returned to their owners and all shops are open and trading. All things are bought cheaper here than in Vladivostok. The great handicap to trade is the complete absence of any Russian money tokens which the people will accept for their produce. All trade must be done in metal coin or in Japanese paper money.

Communism here appears to be approaching its end and there is only the need of an acceptable money token issued by some recognized government to greatly reduce the misery.

## DISCONTINUE SHIPS TO BREMEN, HAMBURG

(BY A. P. NIGHT WIRE)

WASHINGTON, Aug. 28.—The service to Bremen and Hamburg, which has been maintained by the Shipping Board from New York, Philadelphia, Baltimore and Norfolk, will be discontinued about October 15, Vice-president Love announced today, it having been decided privately operated tonnage on those routes is ample to serve them. Ten shipping board vessels have been engaged in the Bremen and Hamburg runs.

Mr. Love announced the decision of the board to consolidate its services as now maintained from New York to India and to the Dutch East Indies. The step will be taken, he explained, for purposes of economy and development of these trades.

### JOHNNY DUNDEE DEFEATS PEPPER MARTIN IN FIFTEEN-ROUND BATTLE

#### CHAMPION WINS EASY DECISION

Floored in Opening Round by Italian

Defensive Battle After That Episode

Has Clear Edge All the Way Through

(BY A. P. NIGHT WIRE.)

NEW YORK, Aug. 28.—Johnny Dundee, Italian pugilist, defeated his "world champion" title tonight, in a fifteen-round battle with Vincent Martin of Brooklyn.

Dundee, who was knocked out in the second round of his fight with Martin, was wild and off his feet as the speedy Dundee rushed him, rushing him over time and again.

In a series of vicious exchanges in the second, Dundee was downed and off his feet. They were downed and off his feet.

They were downed and off his feet. They were downed and off his feet.

They were downed and off his feet. They were downed and off his feet.

#### REFUSE VON ELM AMATEUR STATUS

(BY A. P. NIGHT WIRE.)

SOUTHAMPTON (N. Y.)

Aug. 25.—The United States Golf Association today refused to restore George Von Elm of Salt Lake City to amateur status because of his arrangements with a sporting goods firm and "the manner in which he had accepted payment of expenses."

This decision will prevent his participation in the coming national amateur tournament at Brookline, Mass.

#### Three of the Best

### YANKEES DEFEAT BRITISH

Win Three Out of Four Matches in Play for International Golf Trophy

(BY A. P. NIGHT WIRE.)

SOUTHAMPTON (N. Y.)

Aug. 25.—Americans defeated Englishmen today in three of the four 36-hole Scotch foursomes which opened the two days' play for the Walker cup, international amateur golf team trophy.

Jess Guilford and Francis Guilford won by 3 and 7 from an English team of Cyril J. H. Toller and Bernard Darwin, Charles "Chick" Evans, Jr., and Robert A. Jones, Jr., defeated vanquished W. B. Torrance and C. V. L. Hoeman, 3 up and 2 to play.

Max R. Marston and W. C. Powness, Jr., beat the English combination of John Caven and W. Willis Mackenzie, 3 and 1.

The assignment of the players for the eight singles matches tomorrow were announced as follows:

Guilford vs. Cyril Toller, 3 and 7.

Jones vs. Robert A. Jones, Jr., 3 and 7.

Powness vs. C. V. L. Hoeman, 3 and 7.

Marston vs. W. C. Powness, Jr., 3 and 7.

Evans vs. Bernard Darwin, 3 and 7.

### KRAMER TO MIX WITH GOOZEMAN

Mahoney and Allen Meet in Semi-Wind-up at Vernon Tonight

Danny Kramer, the hardest hitting featherweight, the Pacific Coast has ever seen, will meet Ernie Goosman of San Diego in the four-round main event at Doyle's Vernon arena tonight. It will be the start of a campaign that Kramer hopes will win him recognition as the best 134-pound scrapper on the Coast.

Tonight's principals have met twice before. Both bouts were yellow-backed thrillers of the wildest description. Goosman held him even in the first one, but Kramer took the verdict after four tough rounds in the second. Now, Kramer says he is going to show his little playmate away.

A splendid preliminary program is expected. Eddie Mahoney, a welterweight who has been starred as a main eventer in San Francisco, will break into the local scene against Bobby Gray. The boys will box the semiwind-up.

Bobby Gray and Joe Grimm, hard-hitting welterweights, will box the feature preliminary. Grimm is a San Bernardino boy who has been coming to the front rapidly of late. Gray hails from Seattle.

Two brothers will be seen in other preliminaries. They are Sallor Constantine and Billy Kennedy, both of New Orleans. Constantine is matched with Jimmy Moyer, a featherweight, and brother Bill will meet Ralph Lincoln, a bantamweight.

Larry Murphy, who boxes Willie Jackson in the second preliminary, won his chance on the card by beating Danny Kramer. He has Kramer so hard that he raised a lump on Danny's chin.

Net Cutting, and Lucky Lugo, welterweights, will meet in curtain raiser. The first bout is scheduled to start at 8:30 o'clock. George Blake acting as referee.

#### PACING STAKE GOES TO THE POTRESS

(BY A. P. NIGHT WIRE.)

STOCKTON, Aug. 28.—The Potress was today's winner in the 2:12 class pace at the San Joaquin county fair, with Warren Direct taking first place in the 2-year-old class pace.

The Potress, which is owned by George Gianini of Stockton, equalled the season's pacing record of 2:07 1/4 in the second heat. Warren Direct was at no time forced to extend himself. In the first heat of the 2:12 class pace, Peter Klyo, H. D. Angwine's gelding from San Jose, also tied the season's pacing record.

### BIG WEEK OF GOLF ON TAP

State Amateur Championship Starts Saturday

Left-Handers to Vie for Title of Their Own

Trophy Up for Champion in Women's Division

(SPECIAL CORRESPONDENCE.)

DEL MONTE, Aug. 28.—Golfers from every section of California are commencing to arrive at Del Monte to get in some preliminary play to the State championship, which starts on next Saturday and runs through the following week.

Entries continue to come in with indications that the 300 mark among the men and the eighty for the women will be passed. This will make a record number of players for the State championship and the class of entries practically assures one of the best fields that have teed off for the title.

There are several new and interesting events this year which will precede the actual opening of the championship. On Friday, the San Francisco team of professionalists, probably Harold Sampson and Eddie Traube, will oppose Mortie Dutra and Peter Hay, the local pros in the four-ball match for the purpose of raising funds for the assistance of John Black, the runner-up in the national open, who was recently injured in an automobile accident.

On Saturday will come the match play versus par competition and the "father and son" tournament. This latter event will likely draw a good entry and see some strong combinations. The upsides of Sacramento, the Hines of San Jose, the Catlett of San Francisco, the Stanleys of Del Monte, the Seavers and the Wrights of Los Angeles will all have their supporters.

NORTH VS. SOUTH

On Sunday there will be the third team match between the north and the south for the Roger Lapham trophy. The south has already taken this cup on two occasions, but this year will miss Dr. Paul M. Hunter, although they have a mighty good substitute in Fred Wright. The left-handed golfers are to get in action on Sunday with the championship of their own, and they are also going to stage a team match between the north and the south. It is probable that the women will also play on a team match which will make a rather busy and interesting time of it.

The qualifying rounds with eighteen holes of play on the Pebble Beach and the Del Monte courses will hold away on Monday and Tuesday, and the rest of the week will be devoted to match play rounds.

The Del Monte women's championship will be started on Wednesday with a qualifying round of eighteen holes right field. The match will be scheduled the rest of the week.

Charley Brown, the caddy master at Del Monte, is a bit skeptical over having enough caddies on hand, but otherwise everything is in readiness. It is expected that all clubs in the association will endeavor to induce caddies to come to Del Monte. The boys are assured of living wages, and the California Golf Association has set the fee at \$1 per round of eighteen holes.

### Rifle Trophy is Copied by Local Squad

Upon checking up the totals made in the recent small bore championships, staged by the National Rifle Association of America, it was found the Los Angeles Rifle and Revolver Club had won the long-range team match trophy fired at 200 yards. The local club's total of 478 was eight points better than their nearest competitors consisting of a large field of the best rifle teams throughout the United States.

A new world's individual record was established over the small bore Palma course when L. D'Artaign, Desert of Pasadena, hung up a possible score of 75 at 150, 175 and 200 yards and added nine more bullseyes at 200 yards before he went out of the black. This record is due to stand for some time. Scores of the winning team follow:

Net Cutting, 2nd heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 3rd heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 4th heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 5th heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 6th heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 7th heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 8th heat, 75 at 150, 175, 200 yards, 225 total.

Net Cutting, 9th heat, 75 at 150, 175, 200 yards, 225 total.

## BUSINESS NEWS

## Alaskan Oil Developments; Bond Market; Effects of Ford's Shutdown; Clearings Slump

Increased activity in the development of the oil fields of Alaska is expected as a result of the recent action of the Interior Department in granting two large western oil companies permission to prospect for oil on a large tract of land in the Cold Bay district of the peninsula. The Standard Oil Company of California will send this month from Seattle a complete well-drilling outfit to operate on their Alaskan claim. In all approximately \$2,000,000 will be spent by these two companies for development.

The negotiations were carried on under the Alaskan regulations, which now permit a group of permittees to take oil from a tract not exceeding five, to a corporation or company which will undertake the development of the tract. The provisions, which are included in the Mineral Land Leasing Law, were made because of the fact that holders of permits often are in a position where they cannot supply capital for drilling apparatus and other expenses. In order to encourage operations in that field the modifications were made.

It is pointed out also that in order to encourage the prospectors regulations containing a "free period" have been adopted. These will exempt the prospector from paying a royalty to the government on oil produced on one-fourth of the area covered by the permit, and a similar exemption on the remaining three-quarters of the tract, provided a well was not discovered which produced more than 100 barrels of oil daily. Aside from these limitations, the government is to receive a royalty of 5 per cent.

In the recent grants the Associated Oil Company acquired prospecting rights on two permits originally issued by the Department of Interior and to a man named Finigan, while the Standard Oil has arranged to work three permits issued originally to W. C. Lee and other individuals.

It is presumed that these companies will pay some royalty to the original permittees in case oil is discovered, but it is not believed that there is any co-operative agreement between the two companies, though the lands to be respectively prospected by them are directly adjacent.

## BOND MARKET

For this month the bond market has been firm, although there has been the usual seasonable dullness. Principal activity has been in Liberty Bonds, second issues, and in higher grade public utility issues. Industrial bonds have been somewhat irregular owing to uncertainty in the industrial situation, caused by the coal and transportation strikes, the latter however not having affected railroad bonds to any extent.

Indications are that high-grade railroad bonds will have little further advance and interest has been transferred to the second grade rails in many instances where there are opportunities for material enhancement in market value.

Greatly improved position of public utility companies, especially electric light and power and gas corporations, has probably increased net earnings, is drawing attention to these issues.

All indications point to largely increased investment demand and improving prices for many classes of bonds in the coming months, especially as there is every evidence of an abundance of money with a continuation of low interest rates.

## FORD'S SHUT DOWN

The coal shortage which has prompted Henry Ford to completely shut down September 15 is not likely to have such serious effect on most other motor manufacturers, according to dispatches received yesterday from the East. A number of companies who generate the major portion of their own power requirements have from sixty to ninety days coal supply. While practically every producer in the Detroit district is dependent on outside utility companies for some electrical power, even if those sources were completely shut off many motor plants could maintain operations at a substantial level through the use of gasoline engines which would replace electrical units.

In fact, motor manufacturers generally are said to have little fear of a shutdown because of the coal shortage. They are more concerned by the possibility of curtailment through inability to obtain raw and finished materials, delayed in transit by rail tie-ups. Abatement in the present rate of automobile production is more likely to come from a slump in the market, which is expected shortly by the trade, than through the coal shortage or transportation congestion. Altogether, Ford's shutdown is regarded as exceptional and hardly representative of the general tendency in the automotive industry.

One eastern market observer stated his belief yesterday that there was a certain amount of opportunism in Ford's assigning the coal strike as the sole reason for the shutdown. There have been many indications that the Ford car has just about reached the climax of its marketing possibilities for the moment and the suspension of production will just about give the selling force a chance to catch up with the output.

**LUMBER SHIPMENTS**  
For the first time in the history of the American lumber industry, the export trade of the Pacific Northwest exceeded similar business of the Southern pine region during the first six months of the current year. According to figures compiled and released yesterday by the West Coast Lumbermen's Association, the Northwest sent 624,367,460 feet of lumber overseas during that period compared to 315,192,637 for the southern region.

California water shipments increased 12 1/2 per cent during the first six months of 1922, the comparative lumber footage being 735,574,510 feet as against 347,901,389 feet.

The lumber market in Los Angeles is very strong at present. Retailers are doing a brisk business, although there has been a little lull in wholesale quarters. Since the first of the year redwood has advanced 3 1/2 per cent and there has been a recent advance

on pine of \$3 a thousand. However, the supply is generally sufficient to meet the demand in spite of the continued building boom. There is a shortage in cement, but no change in price has occurred so far this year.

**COMMISSION FINDINGS**  
The purchase of the Point Loma Railroad Company by the San Diego Electric Railway Company has been authorized by the State Railroad Commission. The price paid was \$50,000 in cash and \$100,000 in stock of the purchasing company.

State of \$240,000 Southern Counties Gas Company first mortgage 5 1/2 per cent bonds at not less than 30 and \$10,000 Fair Oaks Electric Company first mortgage 7 per cent gold bonds were also authorized by the Commission at its last meeting.

**NEW BRANCH BANKS**  
The Bank of San Gabriel has been permitted by the State Superintendent of Banks to open a branch at the corner of Broadway and San Gabriel Boulevard. A similar authorization has been granted to the Security Trust & Savings Bank to open a branch office at 3878 West Sixth street.

Yesterday the new Washington and Burlington banks was opened by the Los Angeles Trust & Savings Bank. J. H. Toland has been appointed as manager of this depository.

**BONDS FOR TAXES**  
Under the provisions of a newly issued Treasury decision, Treasury notes may now be received in payment of Federal estate and inheritance taxes at par. As these notes are all above par, with market prices ranging from 102 1/2 to 103 1/2, the new ruling as to the 4-8 of 1924, bond men regard the new ruling as meaningless.

Time was, however, when Liberty bonds, which, with the exception of the 3 1/2s, are acceptable for inheritance taxes, were selling so low that a man could buy certain issues with the knowledge that he was saving his estate over 10 per cent of its inheritance taxes in case of his death.

**FOOD IN STORAGE**  
Supplies of eggs, butter and potatoes held in Los Angeles warehouses declined last week, while there were slight increases in cheese and apples, according to the cold storage report issued yesterday. Total supplies of the various commodities now on hand were given as follows: Eggs, 134,212 cases; butter, 1,345,850 pounds; cheese, 1,332,221 pounds; apples, 7,053 boxes and potatoes, 15,327 sacks.

**CLEARINGS FALL OFF**  
For the first time in several months, local bank clearings fell yesterday from the total of the corresponding day in 1921. Total checks handled by the Los Angeles clearinghouse were \$17,273,124.07, a decrease of \$2,311,823.08. The unusually hot weather, with a consequent slowing down of business activity, was probably the chief cause of this unusual occurrence.

**"TICKER" TICKS**  
Coal loadings are increasing. Coal loadings on August 25, from reports of rail carriers totaled 21,866 cars, 252 more than high mark reached August 21. Republic Steel increases wages 5 cents an hour, last of big independents to follow Steel Corporation.

Western railroads now have (Continued on Eleventh Page)

**WHAT'S BEHIND ACTIVE STOCKS**  
P. Lorillard—175  
P. Lorillard Company common is another stock displaying a wide disparity between market value and tangible assets valuation. While the market holds the stock to be worth about \$164, the net tangible assets applicable to the common on Dec. 31, 1921, were equal to only \$71.50 a share. The difference is explained by the value of years of advertising of many brands of tobacco products and the establishment of a broad market for them. The item "trade marks, brands, etc." is carried at more than \$21,000,000. This item, undoubtedly including good will, together with earnings power, are intangible assets having incalculable value. The Lorillard Company was incorporated late in 1911 as a result of the American Tobacco Company dissolution. It operates twenty plants, manufacturing leading brands of cigars, tobacco and cigarettes. These plants are carried at \$5,407,000. The last balance sheet showed satisfactory cash position and current assets exceeding current liabilities by \$4,653,000. The \$30,304,800 common stock is preceded by \$11,307,000 of 7 per cent cumulative preferred, and a funded debt of \$20,701,800. Net earnings in 1921 were at the rate of 13.41 per cent on the average amount of common outstanding. The 13 per cent regular dividend rate has been in force since 1916. Previously the rate had been 10 per cent. Extra payments were made from 1914 to 1917 and a stock dividend of 20 was declared and paid in 1918. Range of common stock: High, 245 in 1919; low, 120 1/4 in 1920; yesterday's close, 172.

## Stock Market Reassured by Better News

BY ALEXANDER DANA NOYES

(EXCLUSIVE DISPATCH.)  
NEW YORK, Aug. 28.—In at least two directions the week began with a somewhat more reassuring aspect as to the two main problems which are confronting financial markets. The talk of government seizure of the hard coal mines and of railways which should have been out to be heavily handicapped by the continuing shopmen's strike, had been modified and qualified.

It was not so much the announcement of a moratorium with the Germans was at least in form extended. As far as the railway controversy was concerned, however, the influence of the last week's first disturbing intimations from Washington. The market may be described as having reflected the succession of separate incidents in the day to day news which effect has been unvarying to a good many people because the precise results of none of the incidents could be clearly foreseen. It is not often that many people are so confused by the news of the day.

While actual announcements since the markets closed on Saturday embodied the official modifying of last week's intimation regarding the handling of the Board of nine and railway operation, and the renewal, at least in form, of the German moratorium negotiations, it was clear that the week's announcements had made their impression. Conditions being what they were, the spectacular declaration by Henry Ford in regard to the coal situation was undoubtedly a contributory influence in the reaction of prices. But the declines were not large and the trading was distinctly smaller than last week's daily average.

**BANKRUPTCY PETITIONS**  
The following petitions in bankruptcy were filed in the United States District Court yesterday:  
Norman Goldstein, operating as the East Coast Company, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

## BRITISH COLUMBIA TO CUT LIQUOR PRICES

(BY A. P. NIGHT WIRE.)  
VICTORIA (B. C. W.) Aug. 28.—Sharp reductions in liquor prices will be announced by the British Columbia government Thursday and will go into effect then, officials said today. Even heavier cuts on beer and light wines have been decided on.

Hard liquor reductions alone will take \$750,000 from profits this year, it is estimated.

## THE COUNTRY OVER

(EXCLUSIVE DISPATCH.)  
DETROIT (Mich.) Aug. 28.—Automobile companies are pressing tire manufacturers for heavy and frequent shipments. Tire prices are low and automobile production is nearly the highest figure ever attained.

Commission men are predicting high apple prices next fall as a result of the present shipping situation in Western Michigan. Railroads say carlots will be accepted at shippers' risk only. With peaches and grapes almost ready for shipment the situation is serious for the farmers.

SEATTLE (Wash.) Aug. 28.—Soaking rains have at last dispelled danger of forest fires in the Washington and Oregon forests to a large extent and the logging camps in the upper reaches of the Cascade and Olympic Mountains are beginning to look for a resumption of logging operations at something like full capacity. Workers sent to the cities and towns when logging operations of necessity were restricted have been called back to work. With the certainty that hiving western lumber mills will be worked throughout the fall and winter at 100 per cent capacity the outlook is bright for the logging industry in this region fully maintaining the July pace, which was 10 per cent better than July last year.

All lines of retail trade have held up well this month in this region fully maintaining the July pace, which was 10 per cent better than July last year. Only the smaller merchants seem to have suffered from slow delivery of goods because of the railroad strike.

KANSAS CITY (Mo.) Aug. 28.—Farmers are beginning to complain bitterly that, despite good crops, there are no better off in this region than they were a year or two ago. They point to continued high prices for the things they are compelled to buy and low prices they are receiving for their agricultural products. J. T. Mohler, secretary of the Kansas Board of Agriculture, is being flooded with complaints about conditions based on recent figures showing that the buying power of

## COAL AND CARS WORRY CAPITAL

## Financial Situation Depends on These Factors

## Government Operation Not Expected Yet

## Overturn of Germany is a Remote Eventuality

NEW YORK, Aug. 28.—It is under a curiously mixed array of economic influences that we are approaching the end of summer and the resumption of business activities.

Summing up the situation of the moment as it bears on the financial future, emphasis naturally will be laid first on the fact that the soft-coal strike is generally held to be the critical problem of manufacturing; that while the railway shopmen's strike continues, it has the appearance of a lost battle and no longer arouses apprehension of a sympathetic strike by the operating men.

On the other hand, two large uncertainties have been injected into the situation—one of the intimation of government operation of the anthracite coal mines, if the strike of those miners is not settled, and of such railways as do not prove their ability to handle traffic and equipment. The other factor is the bewildering currency panic which has broken out in Germany.

## ROADS NOT PARALYZED

Capacity of the roads for transportation and distribution has not yet been tested by a full month. In other traffic the roads, as a whole, have continued to do good work under the handicap of the shopmen's strike. The fact that the last weekly report of loadings showed increases of 10 per cent over 1921, and the fact that loadings of general merchandise have in some recent weeks nearly equaled the highest record, shows no visible indication of a breakdown.

It is in the performance of individual roads, especially on the routes of active coal traffic, that the situation is more difficult to judge. Even in case of adequacy of facilities it is not easy to foresee the reaction of the government operation. Forcing the shopmen back to work, unless through conceding all the steps against which the Labor Board and the railway executives have taken their stand, would be as impossible for the government as for private management.

Priorities of routing, even transfer of cars and motive power from one road which is in full supply to another which is in need, could be effected by the Interstate Commerce Commission, and has indeed already been facilitated by the existing management. The government's intimation will therefore be taken as a conditional warning, based only on demonstrated failure to meet a problem for which the railways have themselves been preparing along.

GERMANY SEEMS SOUND  
Sober financial judgment in this country and in Europe does not look for overturn of the German government or cessation of foreign trade or release into anarchy. All of these results have lately been intimated in the case of Austria, with the curious rumor constantly repeating that the Austrian statement may ask the Allied

(Continued on Tenth Page)

## Yielding 5.40%

## Reclamation District No. 1500

RECLAMATION District No. 1500 borders the Sacramento River on the east for approximately 34 miles. On the south, its boundary is about 20 miles north of the City of Sacramento.

River boats afford transportation to Sacramento and San Francisco markets. A branch line of the Southern Pacific Railroad traverses the entire district from north to south, thus reducing the hauling of farm products to a short distance.

The 6% Bonds of this Reclamation District are exempt

from all United States Government taxes and all taxes in California except Inheritance Taxes. The Bonds are fortified by a permanent first lien supported by enforceable assessment on valuable farming land. The Bonds are legal for California Savings Banks, Trust Funds and Insurance Companies.

California, through its Reclamation District Laws, invites and protects capital for use in making available for cultivation its rich and highly-productive lands.

We offer Bonds maturing 1930 to 1940 at prices to yield 5.40%.

## Paved Roads to Market

Facilities for marketing crops determine the extent of inland agricultural development.

Hemmed in by mountains and reached by few railroads many a California garden spot would still be a backward half-desert if it were not for paved roads. These thoroughfares open the way to markets, and Prosperity follows.

Those who invest in

Council to undertake "for itself the task of governing Austria. But this is because the foreign trade, the home production and the public revenue of Austria have been wrecked even before the recent prodigious inflation of the currency."

As to Germany, a country which, with the mark declining from half a cent to one-quarter of a cent in the first part of 1923, was unable to export monthly on the average of 2,100,000 tons of merchandise and to import 2,600,000 tons, and which in 1922 had lost in the last reported month \$28,000,000 worth of goods and sold us \$5,500,000, evidently has the right to be continuing its commercial existence.

LOS ANGELES

TUESDAY MORNING, AUGUST 29, 1922. -PART II: 10 PAGES.

POPULATION (By the Federal Census--1920--2,119,150)  
By the City Directory--(1922)--2,251,000

## RETARDS PROGRESS

Playing Dog-in-the-Manger Game  
to Repeal Short  
Week Rule  
Not Given  
Hinder  
Building Here

In the policy which is being followed in the building operations in the Los Angeles area, the building industry is playing a dog-in-the-manger game. The industry is trying to prevent the building of new houses, while at the same time it is trying to prevent the repeal of the short week rule. This is a very unfair and unjust policy, and it is one which should be stopped at once.

## REDS STALK NEEDLES; GOVERNOR DOES NOTHING

No Protection by Stephens for Men  
Who Wish to Assert Their  
Rights of Citizenship

Arson, violence, terrorism—a trinity of hate begotten of the railroad strike—stalk red through the streets of Needles. A handful of men, asking only the right to work, live in a torture of imprisonment within the pale of a stockade that alone protects them from the hate of a strike-frenzied town.

## HANCOCK ADDITION TO VOTE

Three Electors Waiting for  
October 5 to Decide Issue  
Over Annexation

Today is election day throughout the State of California, but "Booth" will not be the real election day for the residents of Hancock Addition. The residents of Hancock Addition are waiting for the election of October 5 to decide the issue over the annexation of the district to the city of Los Angeles.

## SELMA AVENUE SCHOOL TO GET NEW AUDITORIUM

At a meeting of the Board of  
Education last night, plans  
and specifications for an auditorium  
at the Selma Avenue elementary  
school in Hollywood, drawn by  
the architect of the new school,  
were approved.

## ASK HEWES'S DISMISSAL

Petition to Long Beach Council Urges That City  
Manager Be Ousted Without Election

By a "Times" Staff Correspondent  
[EXCLUSIVE DISPATCH.]  
LONG BEACH, Aug. 28.—R. H. JACKSON, attorney representing the City Managers' Club, appeared tonight before the City Council in secret session and presented a petition with 600 names asking for the dismissal of O. E. Hewes, City Manager, against whom charges were made several weeks ago. The petition prayed that this action be taken without the necessity of a recall election.

## M'COY DENIED LICENSE

Absence of Blushing Bride Causes Officials to Deny  
His Request for Legal Papers

Norman Selby (Kid McCoy) had been defeated in the ring before he retired to become a motion-picture actor and a business man, but he is still going strong as the champion light heavyweight husband. He is going to be married for the ninth time, it developed yesterday, and this will place him way ahead of Nat Goodwin and not far behind the French "Bluebeard" recently beheaded. He hopes, if he lives long enough, to equal the historic record of one Solomon, who also had a reputation for widom, however that may be.

## NARCOTICS LEAD TWO INTO JAIL

Man Said to Have Carried  
Sixteen Bottles Around  
His Waist for Months

Ward Atherton, a seaman, 26 years of age, is said to have carried sixteen bottles of morphine in a towel about his waist for ten months before he sold the narcotics to Patrolman W. J. Meyer of the harbor division. Atherton and George Pappas, 31 years old, a Greek seaman, are in Central Station this morning, held for violation of the Harrison Narcotic Act.

## YEGGS TAP SAFE FOR BIG HAUL

Detectives Say Profes-  
sionals Got \$1500 Haul at  
Maple Bar Blowing

Checking up on the contents of a safe blown open by yeggs early yesterday morning at the Maple Bar at 230 East Fifth street, C. C. Fourcade, proprietor, told detectives investigating that the yeggs possibly obtained more than \$1500 and several diamond rings worth about \$500.

## OKLAHOMA WINS PRISONER

Man Accused of Wrecking Banks Must Stand Trial  
Soon; Arizona Contested for Possession

Okahoma won in the legal contest for the custody of A. E. Smith, purported bank wrecker, wanted in that State for asserted embezzlement. Arizona was a contender for the person of Mr. Smith. Under Sheriff A. Manning would not turn over his prisoner to either Oklahoma or Arizona until Presiding Judge Willis ruled on the question.

## ELDUYENS PUT UP BONDS ON LIQUOR CHARGE

The Ingleswood Ku Klux Klan  
raid shifted from the State to the  
Federal court yesterday when Fidel  
and Mathias Elduyens, whose ac-  
tivities in the bootlegging game, ac-  
cording to the statements of the  
Federal prohibition agents, resulted  
in the raid and the killing of Con-  
stable Mosher, were arraigned be-  
fore U. S. Commissioner Long on  
the charge of violating the na-  
tional prohibition amendment.

## RELAY AUTOS BEAT STORK

But It Took Two Cars to Nose Out the Ancient Bird  
Across the Desert at That

EL CENTRO, Aug. 28.—In a close race across the desert and against the handicap of a breakdown on the way, the modern auto beat the ancient stork by three minutes when Rev. J. A. McCourtney and wife of Brawley reached the El Centro Hospital late last night.

## BADLY HURT BY AUTO

South Flower Street Woman Struck  
Down in Street

Mrs. W. C. Burdick, aged about 60 years, of 519 South Flower street, was perhaps fatally injured early yesterday when she was struck down by an automobile driven by Miss Madeline Brennan of 844 Avondale avenue, Brentwood Park.

## FOREST FIRE PUT OUT

Destructive Midnight Blaze Hits  
Lasky Ranch

A midnight forest fire Sunday night destroyed about fifteen acres of the Lasky forest, on the Lasky Picture Corporation ranch, located between Griffith Park and Universal City.

## MAID AND GOVERNESS GET YOUTHS FROM BURNING BUILDING

By a "Times" Staff Correspondent  
[EXCLUSIVE DISPATCH.]  
PASADENA, Aug. 28.—Three children were rescued by a governess and a maid today when fire destroyed the residence of Mrs. F. M. Brennan at 1460 North Chester avenue. They were Peggy, aged 11 years; Michael, aged 9 years, and Freddy, aged 6 years.

## CHARGES WIFE WITH FUDGING ON AGE

Charging she had misrepresented  
her age before marriage and was of  
a cruel and nagging disposition,  
Louis O. Churchtown, filed suit  
for divorce yesterday against  
Emily V. Churchtown. He al-  
leged in the complaint that when  
he was kept at work overtime, his  
wife would accuse him of being out  
with some other woman.

## WARM WEATHER WILL CONTINUE IN LOS ANGELES

After Sunday's flirtation with  
the altitude record, the thermom-  
eter took a slight tumble yester-  
day, and stopped at the 90-deg.  
mark. Sunday was the hottest day  
in several years here, the ther-  
mometer registering 95 deg.  
Yesterday's low mark was 71  
deg., shortly before dawn. The  
thermometer reading at 5 a. m. was  
72 deg., at noon 84 deg. and at 5  
p. m. 78 deg. Continued heat is  
promised by Col. Hersey of the  
Weather Bureau for today.

## NOLAN TO RECOVER

By A. F. NIGHT WIRE.  
SAN FRANCISCO, Aug. 28.—  
Congressman John I. Nolan, who  
was operated on last Saturday and  
who for a while was in a serious  
condition, was much improved to-  
night and his physician said he  
would recover.

## RELAY AUTOS BEAT STORK

But It Took Two Cars to Nose Out the Ancient Bird  
Across the Desert at That

EL CENTRO, Aug. 28.—In a close race across the desert and against the handicap of a breakdown on the way, the modern auto beat the ancient stork by three minutes when Rev. J. A. McCourtney and wife of Brawley reached the El Centro Hospital late last night.

## BADLY HURT BY AUTO

South Flower Street Woman Struck  
Down in Street

Mrs. W. C. Burdick, aged about 60 years, of 519 South Flower street, was perhaps fatally injured early yesterday when she was struck down by an automobile driven by Miss Madeline Brennan of 844 Avondale avenue, Brentwood Park.

## FOREST FIRE PUT OUT

Destructive Midnight Blaze Hits  
Lasky Ranch

A midnight forest fire Sunday night destroyed about fifteen acres of the Lasky forest, on the Lasky Picture Corporation ranch, located between Griffith Park and Universal City.

## GREAT PAGEANT DUAL SUCCESS

Hundreds of Buyers Viewing  
Industrial Exhibits

Shows Draw Throng of Eager  
Pleasure Seekers  
Something of Interest to All  
at Exposition

With hundreds of buyers registered at California's Pageant of Progress and Industrial Exposition yesterday, success of the exhibition from the commercial and industrial standpoint was assured. Since the pageant opened last Saturday night there has been no doubt of its success as a show, but now the exhibition, held to celebrate the fact that Los Angeles is the tenth industrial city in the country, bids fair to cause Los Angeles to rise even higher than this enviable position.

## TINY TOTS SAVED BY SERVANTS

Maid and Governess Get  
Youths from Burning  
Building

By a "Times" Staff Correspondent  
[EXCLUSIVE DISPATCH.]  
PASADENA, Aug. 28.—Three children were rescued by a governess and a maid today when fire destroyed the residence of Mrs. F. M. Brennan at 1460 North Chester avenue. They were Peggy, aged 11 years; Michael, aged 9 years, and Freddy, aged 6 years.

## CHARGES WIFE WITH FUDGING ON AGE

Charging she had misrepresented  
her age before marriage and was of  
a cruel and nagging disposition,  
Louis O. Churchtown, filed suit  
for divorce yesterday against  
Emily V. Churchtown. He al-  
leged in the complaint that when  
he was kept at work overtime, his  
wife would accuse him of being out  
with some other woman.

## WARM WEATHER WILL CONTINUE IN LOS ANGELES

After Sunday's flirtation with  
the altitude record, the thermom-  
eter took a slight tumble yester-  
day, and stopped at the 90-deg.  
mark. Sunday was the hottest day  
in several years here, the ther-  
mometer registering 95 deg.  
Yesterday's low mark was 71  
deg., shortly before dawn. The  
thermometer reading at 5 a. m. was  
72 deg., at noon 84 deg. and at 5  
p. m. 78 deg. Continued heat is  
promised by Col. Hersey of the  
Weather Bureau for today.

## FACES EMBEZZLEMENT CHARGE

Man Accused of Wrecking Banks Must Stand Trial  
Soon; Arizona Contested for Possession

A. E. Smith, Held as Bank Embezzler

## OKLAHOMA WINS PRISONER

Man Accused of Wrecking Banks Must Stand Trial  
Soon; Arizona Contested for Possession

Okahoma won in the legal contest for the custody of A. E. Smith, purported bank wrecker, wanted in that State for asserted embezzlement. Arizona was a contender for the person of Mr. Smith. Under Sheriff A. Manning would not turn over his prisoner to either Oklahoma or Arizona until Presiding Judge Willis ruled on the question.

## ELDUYENS PUT UP BONDS ON LIQUOR CHARGE

The Ingleswood Ku Klux Klan  
raid shifted from the State to the  
Federal court yesterday when Fidel  
and Mathias Elduyens, whose ac-  
tivities in the bootlegging game, ac-  
cording to the statements of the  
Federal prohibition agents, resulted  
in the raid and the killing of Con-  
stable Mosher, were arraigned be-  
fore U. S. Commissioner Long on  
the charge of violating the na-  
tional prohibition amendment.

## Landlords Take Notice!

There are many landlords who trust to luck that the income they depend upon from their rents will continue to come in.

Other landlords take no chances. Realizing that the ordinary fire insurance would not protect them against loss of rents during the time required to rebuild or repair a building visited by fire, they secure the added protection of rent insurance.

How about you? Are you trusting to luck or playing safe? If you are not carrying rent insurance, it will pay you to investigate.

Phone write or call today.

## BRILLIANT AIR CONCERT GIVEN

KHJ's Two-Period Program  
Highly Interesting

Viola Ellis and Lawrence  
Tibbitt Sing

Estelle Brown Mills in Noon  
Entertainment

Forty-five minutes replete with brilliant song and piano solos sums up the program given by KHJ yesterday afternoon. Two artist pupils of Estelle Brown Mills, through whose courtesy the concert was arranged, sang six numbers and Miss Phoebe Ara Bowler played three excellent piano solos.

Mrs. Charles E. Durand, soprano, sang "Shana Van," by Busch; "O Heart of Mine," by Clough; "The Old-Time Favorite," by Mrs. Durand has a very pleasing voice which her numbers yesterday showed to advantage. Her voice is clear and rich and she has the ability to paint very appealing vocal portraits.

Viola Ellis, dramatic contralto, who has an enviable reputation in opera and who recently took a leading part in the production of "Robin Hood" in New York, sang for radio listeners from KHJ last night, this being the second time she has been heard from the station. Her voice is remarkably clear and dramatic and her numbers last night were especially good vehicles to show the range and quality of her vocal achievements. She sang "I Shall Wake," by Walter Kramer; "Storm," by Charles Perry; "A Song Dedicated to Miss Ellis," by "Amour Viens Aider," "Oh, Love Thy Help," by Saint-Saens, and by request, Carrie Jacobs Bond's "A Perfect Day."

Seldom has radio heard a more superb male voice than came from KHJ last night when L. M. Tibbitt sang three baritone solos. Mr. Tibbitt is soon to leave for the East, where he will enter opera and concert work. He will keep him away from Los Angeles for most of a year at least, consequently radio listeners probably will not hear his voice again for some time. Mr. Tibbitt's voice is remarkably resonant and clear and his interpretation is unique and carries with it full measure of that. He inspired the composers to write the numbers. By special request he sang a richly interpreted, superbly interesting to his invisible audience. His other numbers were "Drink to Me Only With Thine Eyes," by Jonson, and "Down Among the Dead Men," the latter an old English song.

Frances Dodge, pianist, played two piano solos during the evening program. Both of these were "The Brownie," by Korngold, and the other, "Staccato Caprice," by Voplick. Miss Dodge's numbers were both interpreted with finesse and a true mastery of piano technique.

## RADIO TO GIVE OUT RETURNS

Five Long-Range Stations  
to Give Election Returns  
and Novelties

Beginning at 9 o'clock tonight five local broadcast stations will disseminate election returns to the radio listeners of Southern California, and all those who want to know if their favorite "whosoever" was elected, or not elected, can do so without stirring a foot out of the house, providing his storage battery is charged and the rest of the receiver is in good working order.

KHJ-The Times will broadcast the first ten minutes; KFY-Hamburger's-the second ten minutes; KOG-Herald, the third ten minutes; KFI-Examiner, the fourth ten-minute period, and KWH-Examiner-the fifth. This rotation will be continued until midnight or later, if election returns continue to be interesting. There is a certain tension in the air, and it is more than suspected that there will be more than election returns broadcast. Whatever it is, it is a secret, and can only be revealed when the time comes. Each station, it is certain, is going to try and outdo the others, and listeners are promised real entertainment. Remember, listen in from 9 to 12 tonight to the five big broadcast stations.

## Japanese Held in Jail Facing I.W.W. Charges

Believed by the police to have laid plans to organize a branch of the I.W.W. among Japanese gardeners in the vicinity of Los Angeles, A. Simla, about 30 years of age, a Japanese, was arrested at San Pedro yesterday by Police Detectives Lane and Davis. He was placed in the City Jail on a charge of criminal syndicalism.

According to the detectives, Simla had in his room in a hotel at East Twelfth and San Pedro streets a large quantity of I.W.W. literature transcribed in the Japanese idiom. They will attempt, they say, to have Simla deported.

## Radio Will Radiate Programs Replete With Interest

Artists Who Will Be Heard in Regular Concerts Today

## K-H-J The Times

Operating by O.R. Kierulff & Co.

**TODAY'S PROGRAM**  
1:30 to 2:15 p.m.—Virginia Flohr, soprano, accompanied by Eric Black, will sing: "A Pastoral," by Benedict; "Sweetest Little Fellow," by Nedwin Wilbur; P. Funk, saxophone, will play selected solos. News items.

2 to 3 p.m.—Jerome Uhl, baritone, accompanied by Mrs. Guy Bush, will sing: "Monsieur Beaucaire," by Messager; "Ballad of Mary Ann," by Frieda Foytke; "When You and I Were Young, Maggie," by Ben Pike; Mary Newkirk Bower, soprano, accompanied by Mrs. Guy Bush, will sing: "The Answer," by Robert Huntington Terry; "Chanson Provencale," by E. Dell'Aquila; "Cuckoo," by Lisa Lehmann. Bedtime story and news items.

## SEEK MAN WHO SAW GIRL DIE

Meadows Murder Had Second Witness in Chinese Gardener, Police Informed

That the murder of Mrs. Albert Meadows was actually witnessed by one person besides Peggy Caffrey, was announced yesterday by Chief Det. Dist. Atty. Doran. It was stated that the District Attorney's office has been informed that a Chinese vegetable grower was near the scene throughout the hammer slaying and saw the weapon piled time and again. Whether or not he could identify Mrs. Clara Phillips, accused of the murder, was not learned because of the inability of investigators to find the Chinaman.

## ATTACKED, ROBBED ON JOB QUEST

Lured by Thugs to Lonely Spot, Lad Is Beaten Up With Blackjacks

By a "Times" Staff Correspondent  
LONG BEACH, Aug. 28.—Lured to a lonely spot on Signal Hill by two men in an automobile who offered promises of help in seeking work in the local oil fields, James Wright, 20 years old, of 23 Neptune Place, was beaten into unconsciousness and robbed of his money by his pseudo benefactors shortly before daylight this morning. The unconscious man was found beside the road on Cherry avenue by W. J. Doyle, an oil worker, who notified the police.

## MAKE TWO CHARGES

Man Held in Liquor Case Said to Have Resisted Arrest

James E. Roche, who says he is a newspaper man, was taken into custody at the Log Cabin, on the Washington-street boulevard, by Prohibition Enforcement Agents Barnes and Brown, who say he had in his possession three pints of liquor. His bond was fixed yesterday at \$2000 on the charge of having liquor in his possession and resisting an officer. He is in jail at Santa Monica.

## AUTOPSY FOR POMONAN

Sudden Death While at Work Considered Unusual

An autopsy over the death of E. E. Litchteualler, who fell dead yesterday, shortly after demolishing an orchard near Cucamonga and San Antonio avenues, in Pomona will be held this morning in that city.

## FATHER LEAVES SON SMALL SUM IN WILL

Because he could not condone the actions of his son, R. C. Clarke, R. K. Clarke, a former resident of San Diego, cut him off with \$1, leaving the bulk of his \$120,000 estate to another son, J. E. Clarke of Nashville. This was learned when the will of the decedent was probated recently. Yesterday the inheritance tax papers for the estate were completed in the local office of State Controller Ray L. Riley. The estate will pay \$4590.

# STEPHENS GIVES WORKERS NO AID

Men at Needless Subject to  
Abuse

Bloodshed and Arson at  
Rail Shops

Rights of Citizenship Not  
Protected

(Continued from First Page)

sort which is advocated by  
Reds, a number of whom I am  
certainly not. There are at  
Needles, will presently be  
launched which will displace  
California and your adminis-  
tration. Because of the Fed-  
eral government's paramount  
interest in the moving of com-  
merce between the States and  
keeping open the postal routes,  
I am communicating the sub-  
stance of this to Hon. H. M.  
Daugherty, Attorney-General  
of the United States.

The only reply has been a mes-  
sage from Gov. Stephens that he  
will take steps to cause an in-  
vestigation of the situation. Noth-  
ing has been done except to  
actually curb the reign of ter-  
ror that keeps the 175 workers  
virtually prisoners—refugees be-  
cause of their fear of the strikers.  
Inside the stockade, they are  
guarded night and day. Day  
afternoon men are posted for  
protection. At night, fourteen  
men are posted against surprise  
attacks. Seven United States  
marshals try to aid in  
preserving order.

Despite this, attacks have been  
made, with bloody results, on  
the workers' refuge.

The Sheriff, according to rail-  
way officials, is doing all he  
can to maintain law and order. But  
with the city in the control of the  
strikers, his hands are virtually  
tied.

"If the workers venture out,"  
said General Manager Hibbard of  
the Santa Fe in Los Angeles yes-  
terday, "they are either physi-  
cally attacked, or run into fall  
on tramped up charges. They have  
no chance."

The railroad is maintaining the  
endangered workers. Buildings to  
house them have been constructed.  
They are being fed at the com-  
pany's expense. But they lack  
the basic fundamental of Ameri-  
canism—Liberty.

And Gov. Stephens won't give it  
to them.

# COO COO SEES PAGEANT

Thrills Galore Unearthed at Southland's Fair; Hot  
Dog Battles Macaroni Salad

BEYOND A DOUBT it was a perfectly squally afternoon—all the way  
from the incidents of the gentleman who discussed our ancestry be-  
cause we stepped on his feet to the incident of the sanguinary strife  
in our alimentary canal which decided us to go home.

But we saw the Pageant.

It was about like this:

1:22 p.m.: We induce a street  
car to cease.

1:23 1/2: We board the car and a  
gentleman's feet simultaneously.

1:23 3/4: The gentleman as-  
sumes an annoyed expression and  
crates fervently concerning our  
ancestry. Very unbecoming, but  
pleasing to other passengers who  
derive much amusement.

1:25: We inform the gentleman  
that he is a certain species of fool,  
and drop a dime into the coin  
box.

1:25 1/4: The conductor tells  
us the same thing we just told the  
gentleman. We desist from mak-  
ing a liar out of him for a nickel.

FANTIES STUCK

1:24: We sit in an unoccupied  
seat.

1:24 1/4: A little boy beside us  
tells us the seat was not unoc-  
cupied.

1:24 3/4: We find he is telling  
the truth. He had his chewing  
gum on the seat. Johnny seems  
vexed and bawls. His mother  
looks at us as though we should  
return the gum.

1:25: "Madam," we remark,  
"we're sorry, but the gum seems  
stuck on us." Madam, however,  
is not.

1:27: We return to Johnny the  
64 per cent of the gum which we  
manage to "disengage" from our  
pants.

1:27 1/4: Johnny resumes chew-  
ing. Taste of gum apparently un-  
affected. Johnny ecstatic.

1:28: We, the gum and the car,  
arrive at Exposition Park.

1:28 1/4: The car departs.

1:28 3/4: We, the gum and the car,  
arrive at Exposition Park.

1:29: We discover a fool system.  
We are required to give the nice  
red ticket to a gentleman who  
plays at the entrance with a re-  
volving gate. We just paid 55  
cents for the ticket, too.

1:29 1/4: We develop difficulty  
with the revolving gate. In fact,  
we are struck rather forcibly by  
the fact that it isn't quite the thing  
to please us. The exact location  
of the striking is at about our  
belt line.

1:29 3/4: We behold a large  
painted sign which announces  
something about "Beaver Board".  
Funny—we always thought the  
damned things lived in ponds.

1:30: We round signboard and  
behold pageant-of-progress-grail-  
est-midsummer-show-in-the-world-  
—MUST-come-over-all spread  
out before us.

1:30 1/4: We behold captive bal-  
loon floating above us. We step  
into a very artistic fountain. We  
discover the fountain is as wet as  
artistic.

1:30 3/4: We step out of the foun-  
tain and pay no more attention to  
the balloon.

"FROG" RADIO

2:00: Come upon display of  
phonographs, radiophones and fat  
man. Fat man is endeavoring to  
tune in on radio, thereby entertain-  
ing growing crowd.

2:10: Radiophones remark:  
"Gr-r-r-agh—gikik!"

2:10 1/4: Fat man grins sheep-  
ishly and turns another dial.

2:10 3/4: Radiophones declare  
"Blawp!"

2:10 1/2: Fat man grins more  
sheepishly and turns two hotan-  
nannies.

2:11: Radiophones observe "The-  
oooooooooooo!" Little boy in crowd  
demands of mother why that fat  
man don't let the pig out of that  
box, anyway, and ain't he mean?"

2:11 1/4: Fat man desists from  
tuning in. We move on.

2:12: We come upon ice cream  
exhibit. We get a free ice cream  
cone.

2:12 1/4: We walk around the back  
way and walk to the ice cream ex-  
hibit like an utter stranger. We  
get another ice cream cone.

2:12 3/4: We walk around the back  
way and walk to the ice cream ex-  
hibit like an utter stranger. We  
get another ice cream cone.

2:13: We walk around the back  
way and walk to the ice cream ex-  
hibit like an utter stranger. We  
get another ice cream cone.

SONORA PLANT DESTROYED

(BY A. P. NIGHT WIRE.)

SONORA, Aug. 28.—The plant  
of the Sonora Ice and Cold Storage  
Company here was destroyed by  
fire of undetermined origin at  
four o'clock this morning. The  
damage was estimated by the  
owners at \$20,000 to \$25,000.

TO WIRELESS MARKET NEWS

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 28.—  
The Mercantile Trust Company of  
this city has established a dissemi-  
nating station on Telegraph Hill  
here and officers of the company  
announced today financial, indus-  
trial and general business infor-  
mation will be broadcast through-  
out the territory west of the Rocky  
Mountains.

Miss Joyce Back Home  
from Catalina, Where Two  
Spent Week at Play

Peggy Hopkins Joyce and Char-  
lie Chaplin returned last night  
from a week's play at Catalina.  
Charlie put Peggy aboard a sea-  
plane in Avalon just before he  
left for the mainland in Cecil B.  
De Mille's power cruiser, and  
expected her to beat him to  
port. She was so seduced on the  
island trip that she returned by  
plane was decided upon.

But the plane broke down on  
the take-off and the film star kept  
the roadways hot between the sea-  
plane landing at the outer harbor  
and the California Yacht Club. A  
second plane was sent over to  
bring Peggy.

Charlie helped her and Peggy,  
the Alredale, out of the cockpit as  
the aircraft landed.

"We are not engaged," said  
Peggy.

"She is just a dear friend to me,"  
Charlie put in, then Peggy said:  
"Charlie is always on hand to  
meet me."

ELECTION OFFICIALS  
ASKED TO SIGN LISTS

CITY CLERK ISSUES REMIN-  
DER FOR PROPER HANDLING  
OF TALLY SHEETS

City Clerk Dominguez last night  
issued an eleventh hour reminder  
and request directed to the election  
boards in the city precincts in  
which he asked the members of  
the boards to exercise special care  
in seeing that the tally sheets  
sewer bond and tax issue mea-  
sures be not jeopardized by negli-  
gence. The City Clerk says it  
is necessary that the tally sheets  
be signed by all six members of  
each board. These sheets, enve-  
loped and necessary forms are sup-  
plied by the city for the bond  
and tax issues constitute a special  
city election.

HONOR OREGON FORESTER

(BY A. P. NIGHT WIRE.)

SALEM (Or.) Aug. 28.—F. A.  
Elliott, State Forester, was today  
notified of his election as vice-  
president of the National Associa-  
tion of State Foresters. He suc-  
ceeded M. Pratt, California State  
Forester.

These Quadrupeds Will Greet Their Angeleno Biped Brethren

On Labor Day morning adult Angelenos will be given an opportunity to give one variety of their pro-  
types the double "O." See accompanying illustration. At the same time kiddies will see their last  
downside street parade for shortly thereafter the ordinance prohibiting parades goes into effect.  
The parade is the annual of Santa-Fe street shows, which opens a one-way highway for Labor Day.

# HUGE MORPHINE CACHE SEIZED

Hollywood Drug Rendezvous  
Contained Narcotics

Officers Have More Than  
Thousand Names on List

Three More Callers Taken  
Into Custody

Morphine valued at about \$1000  
was discovered by Police Sgt.  
Stevens, and Patrolman Nelson  
early last night concealed under a  
tent floor at 2100 Cahuenga av-  
enue. The discovery of the mor-  
phine followed a search of forty-  
eight hours, started Saturday night,  
when the police raided the Ca-  
huenga-avenue establishment and  
arrested three persons as drug ad-  
dicts.

Commanded by Captain of Police  
Home, a squad of twenty police of-  
ficers swooped down on the Ca-  
huenga-avenue resort last Satur-  
day night, and seized a large quan-  
tity of morphine, opium and other  
drugs, and arrested John Bruno,  
his wife, Gertrude, and all  
of the prisoners are being held for  
violations of the State poison laws.

Following the raid the police  
learned that a quantity of mor-  
phine was concealed somewhere  
about the house, or in the  
tents surrounding the place. Of-  
ficers spent all day yesterday dig-  
ging under the house and the tent  
floors, and just after dark last  
night unearthed the drug hidden  
beneath four feet of earth.

During the day the searching  
party revealed three persons who  
arrived at the house in search of  
drugs. They are being held at  
Hollywood Police Station for in-  
vestigation, and will be questioned  
by Federal officers.

Capt. Home last night announced  
that over 1000 names and addresses  
of drug users are in the hands of  
the police, and that all of them  
will be questioned by the authori-  
ties.

Capt. Home also stated that the  
establishment on Cahuenga  
avenue was the largest drug ped-  
dling center in the city.

# KID MCOY TO MARRY AGAIN

(Continued from First Page)

all the divorce actions except one  
were brought by his wives. So he  
considers that he has been a good  
husband as husbands go now-  
adays.

Boy's ring record is well-  
known to fans, and is recorded in  
all dope books. His bungalow  
record follows:

UNDISPUTED CHAMPION  
Kid McCoy vs. Lottie Fishler,  
Middletown, Ct. Knockout.

Kid McCoy vs. Julia Woodruff,  
New York. Decision.

Kid McCoy vs. Julia Woodruff,  
New York. Decision.

Kid McCoy vs. Lillian Arnold,  
Providence, R. I. Two rounds,  
no decision.

Kid McCoy vs. Lillian Arnold,  
New York. Decision on foul.

Kid McCoy vs. Edna P. Valen-  
tina, Honduras. Decision, limit.

Kid McCoy vs. Carmen Browder,  
Knockout.

Miss Browder, known while  
dancing on the stage as Dagmar  
Dalgren, obtained a divorce from  
the champion welder which be-  
came final in November of last  
year. She immediately married  
again, this time to a screen villain,  
Victor Rodman. In fact, all are  
of McCoy's opinion that she was  
alive and prospering, a fact of  
which he is much proud by way  
of showing that he isn't such a  
bad husband after all.

# CHAPLIN IS ON THE JOB FOR PEGGY

Miss Joyce Back Home  
from Catalina, Where Two  
Spent Week at Play

Peggy Hopkins Joyce and Char-  
lie Chaplin returned last night  
from a week's play at Catalina.  
Charlie put Peggy aboard a sea-  
plane in Avalon just before he  
left for the mainland in Cecil B.  
De Mille's power cruiser, and  
expected her to beat him to  
port. She was so seduced on the  
island trip that she returned by  
plane was decided upon.

But the plane broke down on  
the take-off and the film star kept  
the roadways hot between the sea-  
plane landing at the outer harbor  
and the California Yacht Club. A  
second plane was sent over to  
bring Peggy.

Charlie helped her and Peggy,  
the Alredale, out of the cockpit as  
the aircraft landed.

"We are not engaged," said  
Peggy.

"She is just a dear friend to me,"  
Charlie put in, then Peggy said:  
"Charlie is always on hand to  
meet me."

# JOHNSON FINES EIGHT

Miller Huggins, Four Yankee Players and White Sox  
Trio Penalized for Stalling

(BY A. P. NIGHT WIRE.)

CHICAGO, Aug. 28.—Manager Miller Huggins and four members  
of the New York Yankees League club and three players of the Chi-  
cago Americans were fined by Ben Johnson, president of the American  
League, today, in connection with the protested New York-Chicago  
game here on August 1. Huggins drew the largest fine, \$100. The  
others were assessed \$25 each. President Johnson ordered the game  
halted at the fifth inning with Chi-  
cago leading, 1 to 0. The game  
was at bat at the time with one  
out and runners on first and sec-  
ond bases.

The fines against the New York  
players were imposed for what  
President Johnson termed "the  
disgraceful exhibition of stalling"  
in a protest by the Chicago club. The  
New York players fined in addi-  
tion to Manager Huggins were  
Robert Meusel, Everett Scott,  
Waite Hoyt and Wallie Schang.  
The Chicago players, who also were  
fined were: Urban Faber, Billyalk  
and Ray Schalk.

The game does not affect the  
present standings of the two clubs  
in the pennant race, as it was  
called because of rain in the first  
inning.

# SEEKS TO CHANGE ALASKAN BOUNDARY

(BY A. P. NIGHT WIRE.)

SEATTLE, Aug. 28.—The Com-  
mercial Club of Ketchikan, Alas-  
ka, according to advices received  
here today, proposes to change the  
boundary between Alaska and the  
United States in order to persuade  
Congress to lay a cable joining  
Ketchikan and Seattle. The Com-  
mercial Club explains that as the  
boundary line such cable would  
have to pass through British terri-  
tory, to which it is believed that  
Congress would never consent. So  
the Commercial Club would run  
the line from the mouth of Port-  
land canal where it leaves the  
mainland, west, midway between  
Cape Mudge and Graham Island.

**In 1930**

**Long Beach**  
the fastest growing city  
in the whole United States—  
**250,000**  
population

Pacific Ocean

Belmont Pier

**and Belmont Shore Place**  
"by the Ocean and Bay!"

**Growing Eastward**

But one outlet remains for  
this city's march of home-  
site seekers, and that is to  
Belmont Shore Place, Long Beach's  
only remaining residence beach. In-  
dustrial development on the West,  
and Oil Wells on the North are di-  
rectly responsible for the stampede  
of lot purchasers and homebuilders  
who are buying at Belmont Shore  
Place. Here (and here alone in  
Long Beach) lots may be pur-  
chased for less than \$1500, where  
you may build your home on the  
Ocean or Bay, or you may select a  
lot within a few blocks of either.

Think of living by the sea where  
swimming, fishing and boating are  
everyday pastimes; And all but a  
step from the front door.

Here, too, you may build your  
home without fear of some day hav-  
ing an unsightly oil derrick nearby.  
On this very property, a test well  
was drilled over a year ago to the  
depth of 4260 feet and found dry,  
which proves absolutely that this  
locality is non-oil-bearing.

Building restrictions of \$2500 for  
any single residence on a lot protect  
every lot owner from cheap un-  
sightly buildings that might be er-  
ected in the future. Improvements,  
including curbs, sidewalks, sewers,  
concrete streets, car lines, storm  
drains and all public utilities are  
not only promised but assured, with  
one contract lot on Aug. 21 for the  
\$100,000 State Highway Bridge, and  
the balance of One Million  
Dollars in improvements starting  
soon.

**Free Transportation**

Special arrangements for motor cars  
on special call at 718 Pacific Electric Bldg.

Chapered P. E. car leaves promptly at  
10:00. By automobile follow P. E. car  
to Ocean Ave., then east to Ray Street  
to Belmont Shore. Reservation best made  
before 1:15 p.m.

Every morning excepting Monday.

## NEW CHURCH STRUCTURE UNDER WAY

Efforts of Founders Now Rewarded; First Unit to be Commodious

Last Easter morning Rollin S. Tuttle and a few other devoted men and women gathered "in His name" and founded the Calvary Methodist Episcopal Church at West Adams street and Cloverdale avenue. Sunday afternoon at the same location Rev. J. S. Hurlbert, the pastor, conducted groundbreaking services for the first unit of the new church building, which, when completed, will have cost approximately \$40,000.  
The lot on which the new temple of worship is to be erected is 103 by 150 feet and was purchased for \$5500 and \$4000 of this amount has been paid by the City Missionary and Church Extension Society of the Methodist Church.  
The first unit of the church will cost about \$8000 and nearly half that amount has already been subscribed by the congregation. The initial unit, which will be forty-one by seventy-four feet, and construction on which will be started today, will comprise an adequate auditorium, Sunday-school and classrooms, a church-parlor, kitchen and dining-room. Although the church membership is only fifty, the congregation boasts a Sunday-school class of 150.  
The chief speaker at the groundbreaking exercises Sunday was Dr. Byron H. Wilson, district superintendent of the Methodist churches, who said that the great need of Christendom today is for more Christians who really follow in the footsteps of the Master; they profess to serve.  
"Christ's program is the biggest, grandest program in the world," said Dr. Wilson. "It calls for the salvation of the entire world and it begins with the individual who is called upon, first of all, to become a conqueror of himself."  
The program is the biggest, grandest program in the world, said Dr. Wilson. "It calls for the salvation of the entire world and it begins with the individual who is called upon, first of all, to become a conqueror of himself."

## Record Crowd Goes to Beach on Hot Sunday

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH.)  
LONG BEACH, Aug. 28.—With the mercury in the thermometer hovering near the century mark, all roads led to Long Beach Sunday, according to figures compiled this morning covering the crowds who spent the day in the cooling surf here. Figures compiled by the police department show that from 8 o'clock in the morning until 8 o'clock in the evening 36,731 automobiles traversed American avenue at the intersection of Anaheim avenue. American avenue provides the chief entrance to Long Beach from the north.  
The report shows that for a brief period automobiles were passing this intersection at the rate of ninety-five a minute. In one hour when traffic was heaviest a total of 5151 autos passed the point mentioned.  
Traffic officials of the Pacific Electric Railway announced that nearly 8000 persons were brought to Long Beach on electric cars. Automobiles entering the city from the east and west brought thousands more and from soon after daylight until dark last night the bathing beaches were crowded with bathers.  
In spite of the record crowd there was not a single accident at the beaches.

## Boys Charged With Stealing Auto Devices

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH.)  
LONG BEACH, Aug. 28.—Although in the city but two hours, four youths from the State of Washington were rapidly trading the road to wealth when a policeman with a well-developed bump of curiosity stepped in and put an end to their operations shortly before daylight this morning.

Driving about the city in a dilapidated auto, the youths were seen to stop frequently beside cars parked along the curbs. They would remain there a few minutes, then drive on. The officer, Patrolman Daily, stopped them. A search of the car revealed seven expensive motor meters, four pair of auto pliers, four wrenches, an ignition switch, a camera and other accessories, which police, say they stole from autos.  
The youths, giving the names of James Strange, Robert Lowman, Carl Lowan and Charles Grover, admitted the thefts, and declared they had driven here from Los Angeles to "make a killing," according to police. They were charged with petty larceny.

## New Members Join Faculty of University

The department of religious education of the University of Southern California will have two new professors at the opening of the school year in September. Announcement was made yesterday from the office of Dr. R. B. Von KleinSmid, president of the appointment of Dr. Carl S. Knopf to this department. The appointment of Dr. Knopf is especially interesting as he is a graduate of the university, having received his degree in 1913. Following this he received his Ph. D. degree from Yale. He has served as secretary of the board of education of the Methodist Episcopal Church with headquarters in San Francisco.  
Dr. Hugh Hartshorne, who will become professor of religious education, received his degree of doctor of philosophy from Columbia University and has served as a member of the faculty of the Union Theological Seminary, during the last three summers Dr. Hartshorne has taught in the summer sessions at Columbia University.

## OIL MEN TO ADVERTISE BEACH GAS

Wish to Get Industries to Use Fuel Now Going to Waste

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH.)  
LONG BEACH, Aug. 28.—The sum of \$25,000 will be raised and spent by local oil operators in advertising advantages offered in the city here, it was announced this morning by officials of the Chamber of Commerce. An organization to carry out the advertising campaign will be perfected at a meeting to be held tomorrow evening in the chamber building. It will be pointed out that 75,000,000 cubic feet of gas is being wasted in the Signal Hill oil field every day and that this cheap fuel should be an inducement for industry in other parts of the country to move here. Only 2,000,000 cubic feet of the entire daily gas output is being used, it is said. Through the media of newspapers, periodicals, bill boards and the mails, the committee will endeavor to obtain a sufficient number of new industries for Long Beach to consume all the gas now being produced in the local field.

## MAN'S BODY FOUND IN BEACH RESTROOM

DEATH DUE TO HEART ATTACK OR STIMULANT OVERDOSE POLICE SAY

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH.)  
LONG BEACH, Aug. 28.—A man identified as Oscar East of San Pedro, was found dead in the men's room at the extreme end of Pine-avenue pier this afternoon. Frank Upham of Waterloo, Iowa. Death, police declare, was due to a heart attack or an overdose of spirits of ammonia taken apparently as a heart stimulant. A bottle of the liquid was found near the body.  
The dead man, apparently 35 years old, came to this section from Fresno a few months ago, according to letters and papers found on his person. The remains are at the Comer undertaking rooms here.

## ATHLETIC CLUB AT PILGRIMAGE PLAY

PACIFIC ELECTRIC RAILWAY EMPLOYEES AND OTHER BODIES TO ATTEND

Members of the Los Angeles Athletic Club will attend the Pilgrimage Play tonight, a special section of seats having been reserved for them.  
Employees of the Pacific Electric Railway are planning to turn out in force on Wednesday evening, while employees of the United Laundries have purchased a big block of seats for Thursday evening.  
With the announcement that the Pilgrimage Play's season will soon be ended, the audiences are growing greater each night and the stadium amphitheater is filled to overflowing, while reservations are being made by a number of organizations and near-by communities for special nights.  
Pomona, Santa Monica and Ocean Park are among the cities planning to attend the play during the week to come while Montebello will also be represented by a group of Epworth League members.

## New Tax Rates Set by Council Show Decrease

Formal action was taken by the City Council yesterday in adoption the Los Angeles tax rate for the present fiscal year, which will be, in the central part of the city, \$1.26 on each \$100 of property valuation, which is 15 cents lower than last year and 24 cents lower than the year before.  
The rate this year is the lowest since 1907. The decrease is due to the fact that the interest and sinking fund charges on power bonds now are being paid by the power department from its revenues instead of being paid, as formerly, from taxation.  
The complete schedule of new tax rates as passed yesterday was as follows: Central portion of the city, Highland Park, Arroyo Seco, Hermosa, Garvanza, University, Bairdstown, West Coast, Hansen Heights, Chatsworth, Manchester, La Brea, Palms, Angeles Meigs \$1.23; Los Angeles Harbor, \$1.10; Sawtelle, \$1.23, which includes 4-cent tax for schools in that section.

## PROTEST TO COUNCIL

Property Owners Angered by New Assessment

Property owners on Glendale Boulevard, between Alessandro street and Silver Lake Hill, strenuously protested in a letter filed yesterday at the City Hall, at being required to pay for the repaving of the boulevard in view of the fact that the street was paved eight years ago and two years' assessments remain to be paid on this work. If the street is now repaved, the property owners will be paying two assessments for the same street at the same time, they say.  
The repaving will cost \$10,000, and the Council, in view of the protest, will endeavor to secure one-half of the money from the county, and if successful, will contribute the remaining one-half from the general fund and will order the street repaved without additional expense to the property owners.

## CAMPERS LEAVE FOR MOUNTAIN OUTING

MUNICIPAL RESORTS CLOSE AFTER TWO MORE WEEKS OF SPORT

One hundred and seventy-five campers left at 6:45 a.m. for Camp Radford via special Pacific Electric train and auto stage. Two of California's football captains have journeyed to the municipal camps to rest up for the coming strenuous season ahead. Dudley De Groot, Stanford center and captain, has been doing a summer's work supervising the municipal police, intends to spend two weeks resting and figuring how to twist the Bear's tail in the big game with California some time early in November.  
Leo B. Calland, center and captain of the U.S.C. team, is spending his vacation at Camp Seelye. Two more (two weeks) outings at each of the camps will close a very busy season. Seelye, September 4 and September 18. Radford, September 11 and September 25.  
Prospective campers are urged to register early at 201 Normal Hill Center. Pico 5200, playground department.

## Activities and Plans of Women in Many Spheres.

APPEAR BEFORE  
WOMAN'S CLUBFourteen Candidates Answer  
QuestionsLineberger Gets Rousing  
ReceptionRandall Tries to Explain  
Chameleon Coat

BY MYRA NYE

Answering a bombardment of questions at the Woman's City Club yesterday Representative Walter F. Lineberger, Republican candidate for re-election from the Ninth Congressional District, stanchly maintained his position taken in his original address that he regarded it as morally wrong to seek nomination at the primary election on the basis of a degree of tariff on citrus fruits and walnuts as an issue in the campaign which ends today and begins again tomorrow.

## FOURTEEN CANDIDATES

At this final meeting before the primary the audience was filled with women to hear fourteen candidates for various offices. Among them was Mr. Lineberger's opponent, Charles H. Randall.

The four-power pact is essentially an administration measure," said Mr. Lineberger in response to a question from a member as to issues between Democrats and Republicans. "My opponent seeks the Republican nomination, but when he was in Congress he sat with the Democrats and voted with them. I believe in party organization and in majority rule. I am heart and soul in accord with the present administration and in accord with the four-power pact which will promote peace."

## SUPPORTS TARIFF

"I believe in a tariff on citrus fruits and walnuts high enough to make up for the difference in cost of production and marketing between California and southern Europe. While the tariff is about to come up it is not perfect it is nevertheless an improvement on what we have had before. I would vote for it." This was in reply to a direct question and in opposition to Mr. Randall, who said he was absolutely and unequivocally against the bill.

## DEFENDING HIMSELF

The entire time allotted to Mr. Randall was taken up with what he termed a defense of the right to appear on as many tickets as there were parties for primary election. He said parties were obsolete and he had no use for them.

"Partisanship is today the greatest curse of the government," he said, and added that if he were in Congress he would vote against the bill.

BLOOD PRESSURE—Part II

Yesterday I told you, among other things about blood pressure, that the normal adult systolic h. p. should be about 100 plus one-half the age. This rule has been deduced from the blood pressure of thousands of normal adults. The data were taken from the New York life insurance statistics.

Should you desire to find out if you keep your blood pressure normal? Is there any danger in a high blood pressure? Yes, to both of these questions.

Many physicians maintain that high blood pressure is neither a disease nor a symptom of disease, but is merely a physiologic response of nature to meet some circulatory need, and in itself should not be interfered with unless nature loses control. The thing to do is to remove the cause of the h. p.

However, all the authorities agree that prolonged h. p. will eventually cause a hardening of the arteries in either location, arterio-sclerosis. Arterio-sclerosis may, in turn, make the pressure still higher and this is a meaner city. The heart having to over-work so much to pump the blood through the rigid pipes, may finally give out and decide to quit. The cerebral and kidney arteries may become affected, and the obvious result is insanity. One would be apt to feel a bit uncomfortable, I imagine, if one thought that any moment one of the arteries in either location would go to spring a leak and flood the place. I wouldn't speak of such a disagreeable thing did I not believe that it is an unnecessary accident and is preventable.

We will review the causes of high blood pressure.

(1.) Psychic—fear, excitement, anger, excess worry. All these can produce a temporary rise. The secretion of the adrenal glands, because of the pouring into the blood stream of the powerful secretions of the adrenal glands. If these emotions are indulged into too frequently, there may be a permanent rise of the blood pressure.

(2.) Overeating and overdrinking.

(3.) Excessive exercise and overwork.

(4.) Chronic toxemia.

(5.) Obesity.

How many of these causes are operating in your case? Angry passions? Overeating of meat causing intestinal putrefaction?

To the surprise of his audience he merely referred to prohibition and did not mention the Wright bill.

When asked by Mrs. Allie Wheeler, the head of the Los Angeles federation of the W.C.T.U., if he would not regard it as proper if he enter his name on the prohibition ticket, since he had stated he was "dry," Mr. Lineberger replied, "I am a dry Republican. I seek the nomination tomorrow of my party. I have many friends among the prohibitionists and many who are Democrats. If they write my name in on their party ticket I shall be grateful for the compliment. They may vote for me in November and for such votes I shall be even more grateful. A primary election I regard as a contest within the party. Yet after four emphatic no's from the people of the Ninth District, the last time when I won by 11,000 majority, my opponent is seeking for votes on three tickets. I regard it as morally wrong, a subterfuge and a bid expedient. I am a dry Republican," he repeated, "and stories circulated regarding my alleged wetness are false. I was not only for the Volstead Act and the Eighteenth Amendment, but I am for the Wright bill which will help to make the Eighteenth Amendment effective."

With Mrs. W. P. Cunningham presiding, and in many instances putting the questions to candidates, the following spoke in their own behalf: Judge E. S. Brown, Judge Williams & Baird, C. Franklin Barker, Judge Channing Polette, George E. Glover, Judge J. Walter Hanby, Walter Gould Lincoln, N. B. Nelson, Robert A. Scott, H. Parker Wood for Justice of the Peace of Los Angeles township and F. W. Kingsbury for State Surveyor-General.

AUTHORITY SPEAKS

As an expert authority on cotton, silk, electrical and other manufactured articles, Magnus Alexander, chairman of the National Industry Conference Board, will discuss those subjects at a Chamber of Commerce luncheon at the Alexandria Wednesday noon.

Wisdom for the Housewife

Don't try to save on tea or coffee. Economy in some other way rather than save a few pennies and use poor grades of these beverages that are used at nearly every meal.

When making lemonade, mix the sugar and water together before adding the lemon juice. Less sugar will be required.

Fried Fish

Try using salad oil instead of egg when frying fish. Dip the fish lightly with the oil and then into the breadcrumbs. It will give the fish a rich brown color.

Red Ink Stains

Can be removed from table linen by spreading freshly made mustard over the stain and letting it stand an hour. Wash with clear water and all stains will disappear.

A Sewing Suggestion

If the dress hangs become too tight under the arms, insert accordion plaited pieces of henna-colored georgette crepe on either side, from where the sleeve joins the waist to the hem of the dress.

## SOCIETY

BY VIRGINIA WOODS

Herbert Stanton Takes Bride

A surprise that is most interesting in society is the news of Herbert Stanton's marriage on Saturday to Miss Alice Barr of Detroit, Mich.

The ceremony took place at noon in the Congregational Church there and the couple are now on their way home. They will stop en route at the Grand Canyon and after the middle of next month will be at home at 311 South New Hampshire street.

The bride is the daughter of Mrs. Ella Amson Barr and is a member of an old and prominent family of that city. She has traveled much abroad and spent much time in Washington, D. C.

Mr. Stanton is the son of Mr. and Mrs. C. H. Stanton of 448 Lafayette Park place, and is associated with his father in business.

At Coconut Grove

Lieut.-Gov. and Mrs. Lynch Davidson of Texas are giving a dinner party this evening at Coconut Grove. They are among the prominent visitors at the Ambassador.

Miss Elizabeth Taylor is having a party at her home on Saturday night. She is also entertaining a dinner company.

A group of bachelors have been keeping the women and their friends past few weeks, dozens of local young men and visitors entertaining on Tuesday evening. Among them are David and Robert McInturn and Howard Borden of New York; H. A. Walpole of Kansas City; Stewart Somerville of London; William Irwin of Cincinnati; and Reese Taylor, Richard Forre, S. C. Walling, Chester Daube, Byron Foy, Chester Legg, C. F. Comstock, A. Rosencrow, Arthur Jackson, Joseph Pincus, John Ross, H. H. Walters and Presley Williams.

On Maine Coast

Miss E. H. Parsons and Miss Alice K. Parsons are spending the summer on the beautiful Maine coast. After a season at Bar Harbor, Mt. Desert, they plan to join friends in the Catskill Mountains in New York.

They are renewing associations of former years, enjoying old friends and old scenes.

Going East

Mr. and Mrs. Franklin K. Lane, Jr., are leaving this morning for their former home near Minneapolis, Minn. They expect to be gone a month. Mrs. Lane's mother passed away suddenly a week ago.

To Give Tea

Mrs. La Motte Holmes and her daughter, Mrs. William Bishop Tomkins are to give a tea on Saturday afternoon. There are to be sixty guests, including their women friends and their husbands.

Returning from Foreign Trip

Dr. and Mrs. E. Lee Allen, who recently returned to America after a sixteen months' tour of Europe, Canada and the Eastern States are expected home in a day or so. They visited in Toledo on their way home and were extensively entertained.

Recovering at Catalina

Mrs. William Thatcher Marvin, who recently narrowly escaped death when run over by an automobile, is now recovering at Catalina Island, where she has been spending several weeks with her daughter, Miss Mia Marvin.

In Colorado Springs

Mr. and Mrs. David Boles are enjoying a bit of recreation at the Broadmoor Hotel in Colorado Springs.

At First Methodist Church

Miss Mary Martha Bara and Gurn T. Stout were married last evening at the First Methodist Church in Huntington Park. Dr. George P. Bovard performed the ceremony.

Miss Barbara Durfy of Hollywood is a daughter of honor and Miss Hattie Hutton and Miss Alice Phelps were bridesmaids. Glenn Stout was his brother's best man. Glenn Smiley, Russell Friday, Thomas Bara, Jr., Ray Prescott, Henry Boyd and Edwin Chatwell were the ushers. Helen Granes and Bobbie Prescott were flower girls.

The couple are both graduates of the University of Southern California and the groom is a student of medicine at Stanford University. The bride is the only daughter of ex-Senator and Mrs. Thomas D. Bara of Illinois and is a member of the Delta Pi Sorority. A reception followed the ceremony at the home of the bride's parents at 121 North Mills avenue, Huntington Park.

At Children's Plunge Party

Ten children, wearing the cunningest of bathing suits enjoyed a splash in the pipe at the Ambassador yesterday afternoon by their mothers with whom they later had tea out in the court near by. In the group were Mrs. D. B. Walker and daughter, Elita Galdos Walker; Jacqueline, William and Claire Duffie and their mother, Mrs. Claire Duffie; Willis Gustavus Hunt, Jr., and his mother; Wilshire Walker and his mother, Mrs. Hugh K. Walker, Jr.; Kathleen Grace, daughter of Mrs. Howard Grace, Dorothy and Patricia Duque, daughters of Mrs. Ernest E. Duque.

Returning East

Mr. and Mrs. Jess Speidel, who have been making their home at the Beverly Hills Hotel, are returning shortly to their former home in West Virginia, and this evening are to be honored guests at a dinner party at which Mrs. M. C. Mattinson of Porterville is entertaining in the private dining-room. There are to be places for twenty-two guests.

Dinner Party at Beverly Hills

Capt. and Mrs. J. S. Lucey of New York City were hosts at a party at which Mrs. M. C. Mattinson of Porterville is entertaining in the private dining-room. There are to be places for twenty-two guests.

Mrs. Ralphs Honor Guest

Mrs. S. M. Pye is giving a beautifully arranged luncheon at the Beverly Hills Hotel today in honor of Mrs. George A. Ralphs, who, with her daughter, Miss Annabelle Ralphs, is soon leaving for a tour

# Men, Women and Things in the World's News

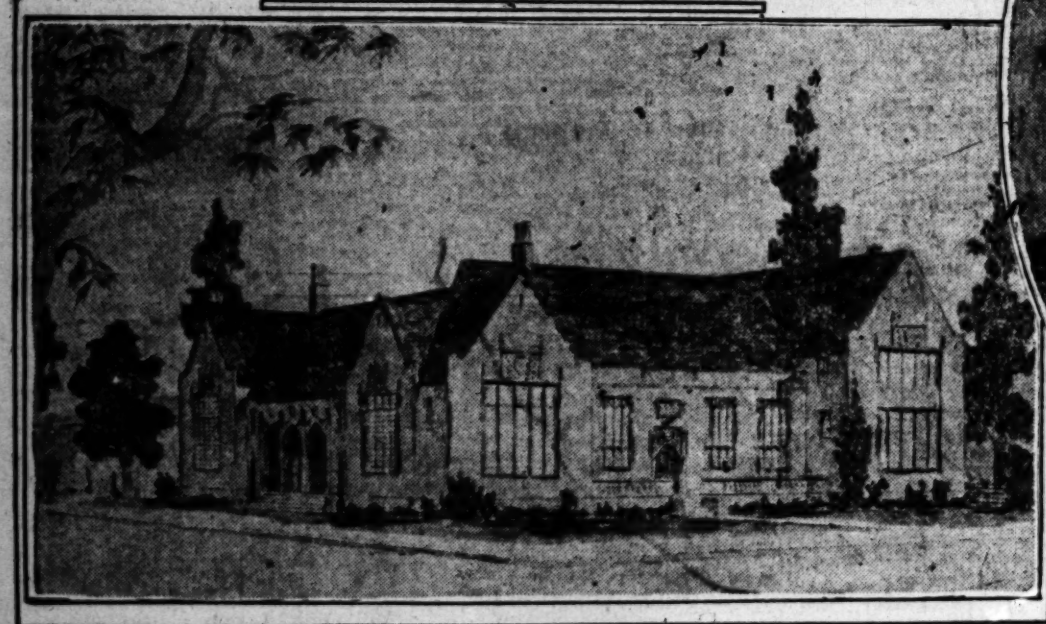

Joseph Victor Watson brings in a buck.

Radio typewriter success on planes. Typewriting in an airplane flying among the clouds with radio machinery duplicating the letters at a ground station miles away and reeling the message off in print is a new development announced by the Navy Department as giving "a means of communication in advance of radio telegraph and telephone systems now current in use." The device, with which Chief Petty Officer Meyers and A. M. Mirick are shown experimenting, has been named the "teletype" and resembles the commercial typewriter, each key being connected to the radio installation in the plane and when a radio impulse is flashed from the antenna on the plane to the receiving station below, the letter is reproduced on paper.

Lila Lee doing just what we would all like to do right now—get down to the shore.

Architects' plan of proposed Masonic clubhouse to be erected on campus of University of California at Berkeley, with Attorney Ira F. Thompson, chairman of the Southern California committee that has provided a large part of the \$100,000 needed for the work.

The driver of this car was racing with a railroad train on the Valley Boulevard to make the Puente crossing ahead of the train. Result: Driver and passenger killed. Careful drivers are helping to prevent such accidents.

(Photo furnished by the safety department of Automobile Club of Southern California as part of the Times-Auto Club campaign to reduce the accident toll.)

Elsie Kramer in Morris dance at lawn fete, Southern Branch, University of California.

If you have that languid feeling, just try this. Petite Lily Lillard, aerial gymnast, up at the top of the tent in the Ringling Brothers and Barnum & Bailey show. According to the advance agent, Lily must stay on the ground when not in the air this year; for her contract reads, "no airplane flights."

Capt. A. W. Murray, who is to retire from the police department after twenty-eight years' service. "We are losing a splendid man who has been a credit to the department," said Chief Oaks.

#### Senate Vote Use Inter

Method Agreed to of Satisfying Hardie Ending Rumor

Smith-McNary Recl Amendment Gets Support of Wes

WASHINGTON, Aug. 29.—The Senate today approved the use of interest on the foreign debt in financing the soldiers' bonus. The amendment substituted the Smith-McNary plan for the use of interest on the eleven billion dollar settlement option House measure. Then it passed the day with a final vote of 74 to 16. The amendment authorized payment of the bonus charge interest on the eleven billion dollars owed the United States by the Allied nations was proposed by Senator Simmons, Democrat, North Carolina. He and Senator McNary, Democrat, Missouri, and members, urged it as a means of meeting President Wilson's requirement that the United States carry a means of financing the cancellation of the debt.

**NEW DISAPPROVAL**  
A roll call on the proposal demanded at first, but this was withdrawn, presumably because of the apprehension of a division. A division was had instead, three Senators signifying their approval of the amendment, and the roll call was postponed.

The Smith-McNary resolution was agreed to by a vote of 43 to 36. Party lines disappeared on the roll call. Twenty-three Republicans and twenty Democrats supported the amendment and eighteen Democrats and eight Republicans opposed it. All of the Senators from the western States voted for the proposal and all of those from the New England States opposed it.

For the amendment: Borah, Burrell, Clegg, France, Gooding, Jones, Washington, McNary, Nelson, Newberry, Nicholson, Odell, Phipps, Rawson, Reed, Pennsylvania, Shortridge, Smith, Standish, Terling, Wadsworth, Warren—23.  
Democrats—Ashurst, Borah, Dyer, Fletcher, Heflin, Hitchcock, King, Myers, Overman, Pomeroy, Randall, of Missouri; Shields, Smith, Trammell, Underwood, Walsh of Montana—36. Total 59.

**THOSE OPPOSED**  
Against the amendment: Republicans—Ball, Brandegee, Cummins, Curtis, Dillingham, Egan, Hale, Kellogg, La Follette, Lenroot, Lodge, McCummins, Sutherland, Townsend, Watson of Indiana and Williams—18.  
Democrats—Gerry, Glass, McNary, Robinson, Sheppard, Smith, Walsh of Massachusetts—24. Total 42.

Opposition to the principle of a bonus was expressed by Senator Borah, Republican, South Dakota, who told the Senate that it was "indefensible." He objected to it as a bad precedent for Congress to set and at a time when the Treasury has outstanding securities like \$23,000,000,000.

"And besides this," Senator Borah said, "the terms of the settlement are vicious. Instead of paying the bonus, we are to pay the interest on the debt."

#### British Worried at Italian in Effort to Cu

LONDON, Aug. 29.—British officials are worried at the state of affairs in Southern Italy. The Greeks and Turks are in the latter is due to the position of Italy and the countries between Italy and the countries. Austria has practically put up at auction to the highest bidder and Italy has made the first move in the shape of a loan and the absorption, which means the absorption of Italy. Italy is anxious to swallow Austria for more than one reason.

**SEEK TO DRIVE WEDGE**  
Popular feeling is in favor of this step because of the immense amount of nationalist sentiment now in Italy favoring expansion. Italy is in a position to absorb and dominate its historic enemy. A fallacious reason, however, is the desire of Italian statesmen to drive a territorial wedge into the Little
